

Pewter Limestone

Pewter 4x16 Split Face with Honed Tile

Pewter is a warm grey limestone with silver undertones and interesting color variations.

It is suitable for residential and commercial interior and exterior applications.

The following materials are all stocked or made in-house and readily available.

- Finishes – honed, brushed, antiqued, custom.
- Textured – 12x24 Pinstripe, 2x12 Split Face, 4x16 Split Face
- Slabs – 3cm
- Tile – 12x12, 12x24, 16x16, 16x24
- Cut to Size – 2x4, 2x6, 3x3, 3x6, 4x4, 4x8, 4x12, 6x6, 6x12, 6x24, 8x8, 8x16, Versailles Pattern
- Thresholds and Base with variety of edge details
- Mosaics – stacked, running bond or herringbone 1x1, 1x2, 1x3, 1x4, 1x6, 2x2
2" hex, 3" hex, 4" hex, 6" hex, 8" hex, 12" hex, 2x8 Herringbone, 2x8 Chevron
- Profiles – Base, 2x6 3D BasketWeave, 4x12 3D BasketWeave, Chair Rails, Concave Chair Rails, Liners, Modern Chair Rails, Box Liners, Quarter Rounds

Technical Data	
Water Absorption	0.9%
Compressive Strength	17,456 PSI
Flexural Strength	2,204 PSI
Frost Resistance	All specimens remain intact
Compressive Strength after freeze thaw cycles	17,240 PSI
Flexural Strength after freeze thaw cycles	2,175 PSI
Limestone Type	High Density
